EX-OFFICIO

Diane L. Bell-McKoy
President/CEO

Dear Supporters:

I know that you are receiving many requests this time of year for your time, attention, and dollars.

Like many nonprofits, Associated Black Charities must rely on friends like you to support our mission.

Your generous support will allow us to make grants to programs that provide job training and health care. We have many partners in our work, but we are the leaders, the conveners, and the catalyst. Your gift will help us educate the community around public policy. We gather data and identify best practices to create a framework for change. We bring together people of privilege and people of need to work together to find solutions to the issues that negatively impact our neighborhoods.

As you celebrate the holidays this year, we ask that you add another gift to your list. Please give to Associated Black Charities. We promise to use your dollars wisely and well.

I wish for you and yours a blessed holiday season, filled with joy and meaning.

Sincerely,

Diane Bell-McKoy
President & CEO
